

Substitute List

Lot 5 – Recipient carrying embryo

Sire of embryo – Poillot 50058 ‘Breton’

G Sire – FR20021

Dam of embryo – Golden Valley 10/00039

G Dam – Ridings 05/0076

This embryo offers buyers the chance to tap in to a proven female line and exciting sire line. The dam, Golden Valley 10/00039 was purchased at the Golden Valley dispersal for her sheer size and scale.

She is without doubt one of the largest Southdown ewes we’ve ever seen and backs that up with exceptional correctness and character. Her son, Chaileybrook 16/00033 was the top priced male at the Worcester Premier Sale 2017, while daughters are offered today as well as having been retained.

The sire, ‘Breton’ is a maternal brother to our exceptional importer sire ‘Percheron’ and is sire of our first ewe lamb offered today. He combines, style, scope and flesh and this combination is sure to leave a lamb with great prospects. A maternal sister to this pregnancy, Chaileybrook 17/00015, was first prize ewe lamb at Royal Bath and West 2017 and is an exciting prospect for the future.

Lot 15

Brant 15/00299 (86301)

Sire – TC10187 ‘Sarkozy’

G Sire – Southern Cross 13/3009 (M54913)
