BRANT & CHAILEYBROOK

FOREWORD

Welcome to the 2020 Fantastic Fifty Sale, the third joint production sale from the Brant and Chaileybrook flocks.

We are delighted to be able to hold this sale in these uncertain times and have drawn a tremendous selection of females for this year's sale, several of which would have been shown in 2020 had we had the chance.

In the three years since our last sale both flocks have continued to go from strength to strength and delivered in both the show and sale rings.

Notably, our jointly owned senior stock sire Percheron was Champion at the National Show 2018, as well as being Interbreed Champion at The Royal Three Counties Show and Breed Champion and Reserve Native Shortwool Interbreed at Royal Bath and West on his only two show outings.

In 2019 the flocks achieved a remarkable feat when between them they took first prize in every class of the pre-sale show at the Society's Premier Show and Sale, Worcester, achieving the top prices in both the shearling ram and ram lamb sections too.

Chaileybrook females were also to the fore in the show rings, with Chaileybrook 18/00308 being unbeaten in her class as a gimmer and twice breed champion too. Meanwhile, her Dam Chaileybrook 15/0010 was Breed Champion at Royal Three Counties and her full brother, Chaileybrook 18/00297, was Breed Champion at Tenbury.

Indeed, in the two show seasons since our last sale, Chaileybrook females have been in the top three in every class entered. There can be no stronger recommendation for the stock on offer today.

While this year lacked a show season, the Society's Premier Sale saw Chaileybrook 19/00563 take the top price of the day, while the Brant flock sold a shearling ram for export to the Thomas family, France.

Females for this sale have once again been selected from the heart of both flocks, offering breeders the opportunity to tap into some of the top breeding lines within each flock.

Throughout the history of both flocks the emphasis has been on breeding correct sheep with carcass and class and that remains true today. All the females being offered today would have been retained for breeding were it not for today's sale.

There is no better opportunity to add to your flock or start a new one, with service sires including a mix of imported French sires and homebred rams, all capable of producing show and sale toppers.

Chaileybrook females are on the Heptavac P+ system and have received a pre-lambing booster. They were served from 13th August, while Brant females were served from 13th September. All ewe lambs were shorn bare in August.

All sheep can be viewed on farm in Herefordshire from 20th November onwards. Please contact us to arrange a socially distanced visit. And, in light of current Covid-19 restrictions we will also be able to offer virtual viewings by video call, please contact us to arrange an appointment.

For the latest sale information and photographs please see www.chaileybrook.co.uk. Finally, we wish you well with your purchases and hope they bring you as much pleasure and success as they have us.
